

The planet is your canvas

Art contest for Latin America and the Caribbean

2022-2023

Concept note and criteria

1. BACKGROUND

UNEP, through its OzonAction Programme, continuously assists the National Ozone Units (NOUs) of Article 5 countries to conduct outreach activities to raise the general public awareness about the Montreal Protocol on Substances that Deplete the Ozone Layer (ODS) and its Kigali Amendment to reduce potent greenhouse gases like hydrofluorocarbons (HFCs). This includes supporting Article 5 countries in planning and delivering annual World Ozone Day celebrations.

September 16 has been proclaimed by the United Nations General Assembly as the **International Day for the Preservation of the Ozone Layer (World Ozone Day)**, to commemorate the date the Montreal Protocol was signed in 1987. This date has been celebrated annually around the world to draw the public's attention to the importance of the ozone layer protection and the achievements resulting from implementing the Montreal Protocol.

Furthermore, this year the Kigali Amendment will be fully implemented, thus reducing the production and consumption of HCFCs, which are powerful greenhouse gases. It is estimated that Kigali Amendment will reduce more than 80% of the production and consumption of HFCs in the next 30 years, and this will contribute to avoid an increase of global warming up to 0.4 °C by the end of this century.

To raise public awareness on the Montreal Protocol and the Kigali Amendment, UNEP OzonAction, with the support of the countries in the region, is launching an Art Contest for Latin America and the Caribbean (LAC). This activity is in line with the UNEP Compliance Assistance Programme (CAP), funded by the Multilateral Fund for the implementation of the Montreal Protocol.

2. OBJECTIVES

- Promote environmentally aware artists in the LAC region while enhancing regional visibility and supporting their work.
- Disseminate Montreal Protocol contents and achievements to the general public.
- Promote the Montreal Protocol and Kigali Amendment.

- Outreach for continuous mobilization of public support to the Montreal Protocol and Kigali Amendment actions to phase-out ODSs and phase-down potent greenhouse gases, like HFCs.

3. ARTWORK CONTENT

The content to be presented in the artwork can be either related to the achievements, actions, and/or benefits related to the Montreal Protocol and Kigali Amendment for protecting the ozone layer and climate; specifically:

Achievements, actions, benefits related to ozone layer protection and climate change mitigation attributed to the Montreal Protocol and Kigali Amendment.

Potential messages of the artwork could contain the following ideas:

- Implication/consequences of the depletion of the ozone layer.
- Benefits to ozone layer and climate protection from implementing the Montreal Protocol and Kigali Amendment e.g., good refrigeration servicing practices, adoption of ozone and climate-friendly alternatives to replace controlled substances under the Montreal Protocol, innovation and industry development, safer working environments, cold chain benefits, etc.
- Actions/initiatives that the public could undertake to assist with the implementation of the Montreal Protocol and the Kigali Amendment.
- Linkage between the ozone layer and climate protection activities under the Montreal Protocol and between the Kigali Amendment and climate change.
- Impact of actions undertaken under the Montreal Protocol that contribute to Sustainable Development Goals (SDGs).
- Women's role and contribution to the ozone layer and climate protection within the context of the implementation of the Montreal Protocol.
- Good practices in the installing, servicing, maintaining, and disposing refrigeration and air conditioning equipment to best serve the ozone layer and climate protection mission.
- 35th anniversary of the Montreal Protocol on Substances that Deplete the Ozone Layer in 2022.

The Art contest will be organized in two phases as described below.

1) First phase. Launching and opening of the contest

- Launching of the art contest announcement by email invitations to NOUs with a request to disseminate the Art Contest during the 2022 World Ozone Day celebration.

- Outreaching/promoting the regional contest and inviting as many participants as possible to join the contest through the communication channels available to NOUs such as:

- National and local networks and partners including art communities/stakeholders such as schools/associations of art or photographers, art schools and universities, etc.
- Websites, e-mails, social media platforms and messaging tools available e.g. Instagram, Facebook and YouTube.

2) Second phase. Reception and pre-selection of art works

- The art contest will be open from the October 17, 2022 to January 16, 2023. Art works will be submitted in high resolution (see requirements below) to the contest organizers by any of these two means:
- a) uploaded on the website of the contest www.theplanetisyourcanvas.com
- b) submitted by email (theplanetisyourcanvas@gmail.com)

The website will also provide the following information/service to all applicants and the public: (i) background information of the Montreal Protocol and Kigali Amendment; (ii) description and rules of the contest; (iii) link for the public to vote for the artwork; (iv) help desk and (vii) any necessary disclaimers.

- The OzonAction Branch will make a preselection of 80 artworks (20 of each 4 categories) by the 20 January 2023.
- Winners' selection will follow a double process:

- From January 23 to January 27, 2023, a jury composed of two renowned artists and two United Nations staff members will select the five artworks of their preference. This will reduce the selection to 20 final artworks.
- From January 30 to February 10, 2023, an online vote will be opened to the public through the website with **the anonymous artwork**. The most voted pieces of work for each category will become the regional winners. The second and the third most voted artworks will receive an accreditation and will be uploaded on the website and social media.
- 13 February: Final selection and contact with the winners.

3) Third phase. Award:

The four winners will be invited to the UNEP OzonAction premises in Panama with air fare and the UN **DSA** for Panama covered. If a minor wins, she/he will be allowed to travel with a legal representative.
